

D.M. 174/2004 Compliance Declaration

Subject: Self-Declaration of D.M. 174/2004 Compliance for Drinking Water Installations

Company Name: Arck Metatech LLP

Registered Address: 3198, GIDC Phase 3, Jamnagar-361004, Gujarat, India

M/s. Arck Metatech LLP, specific for installations on aqueducts, responds to the European normative on the process and on the usable materials in contact with drinking water.

This scope is controlled in Europe by Directive 98/83/EC, transposed in Italy as D.M. 174/2004, among the most restrictive standards in Europe regarding security and quality requirements.

M/s. Arck Metatech LLP, for installations on aqueducts, has obtained the certification D.M. 174/2004, certified by an external company, subsequent to an articulated verification and implementation of processes and materials.

We confirm compliance with D.M. 174/2004 through:

- Risk analysis
- Use of certified materials and suppliers
- Standardization of design and productive processes
- Migration testing on finished components
- Controls, verifications, and testing performed within the quality system
- Maintenance of a specific manual

The certification concerns all phases of product development and realization: design, manufacture, and documentation of M/s. Arck Metatech LLP.

Place: Jamnagar, Gujarat, India

Review Date: 1st April 2027

Note: This declaration of compliance shall be reviewed upon any changes in material composition, applicable regulatory requirements, or as part of scheduled periodic reviews.
